 APRIL 2011 / MONTREAL

THE URBAN ELECTRIC CO.

Light Show *by DJ Carey*

INNOVATION IN DESIGN AND TECHNOLOGY are at the forefront of lighting. Here is a selection of fixtures that caught our eye for their novel use of color, glass, metal and natural materials.

HUES CLUES: BRIGHTEN YOUR SPACE WITH POPS OF BRILLIANT COLOR

1. Set a colorful mood with **Andarina Design's** Cubes of Color, available in six Plexiglas shade colors with matching glass rods, andarinadesigns.com. 2. Enjoy the artistry of **Christopher Spitzmuller's** Anthony lamp in burnt orange, available at HB Home, Westport, (203) 226-8777, and Greenwich, (203) 629-4999, christopherspitzmuller.com. 3. Splashing Water Sconce from Tony Duquette playfully illuminates the wall with a spray of fountain drops. **Remains Lighting**, Greenwich, (203) 629-1000, and NYC, (212) 675-8051, remains.com. 4. Zola lamp shape is one of several choices in **Mottega's** design your own lamp program, available at Lillian August, Norwalk, (203) 847-3314, mottega.com. 5. Painted solid brass sconce in Peacock Blue, by interior designer Amanda Nisbet for **Urban Electric**, (843) 723-8140, urbanelectricco.com. 6. Bring home the light show created by the Dichroic glass in **Sonneman's** Dichroic pendant lamp, available at Klaff's, South Norwalk, (203) 866-1603, Westport, (203) 227-9024, and Scarsdale, (914) 740-1800, sonnemanawayoflight.com. 7. Opt for a glamorous modern look with **Fuse Lighting's** Alex sconce. Polished nickel frame with small carnelian rectangle gems, through Dennis Miller Associates (T), NYC, (212) 684-0070, fuselighting.com. (7) = available to the trade.
