

CT COTTAGES & GARDENS
JANUARY 2017
BIT HANG

THE URBAN ELECTRIC CO.

LIGHTING

16. The nature-inspired Minetto pendant by **ETHAN ALLEN** is handcrafted in Thailand. Artisans assemble each one-of-a-kind chandelier from Bauhinia wood. Six 40-watt bulbs are tucked inside the branches. Stamford, 203-352-2888, ethanallen.com.

17. Michael Amato, the creative director of the **URBAN ELECTRIC COMPANY**, reinterprets the classic Hermès Cape Cod watch in his design of the Bit Hang fixture. Shown here in brass with a marbled shade. 843-723-8140, urbanelectricco.com.

18. Exclusive to **MCGUIRE**, Jonathan Browning designed the Muir mobile pendant to mimic sunlight filtering through the California redwoods. The three graphic cages, in solid brass in an antique finish, coupled with crystal diffusers, cast captivating shadows. NYC, 212-689-1565, mcguirefurniture.com.

19. Handcrafted by artist Jose Esteves for **INTÉRIEURS**, the Mobile Universe chandelier can be adapted to include as many branches as needed. In addition, interior plates can be specified in gold, silver, white or a custom color. Greenwich, 212-343-0800, interieurs.com.

20. Simple beauty shines through the Woodstock pendant. Handmade by **SIMON PEARCE** glassblowers using centuries-old techniques, a single pendant is just right or group in multiples for a focal feature. Westport, 203-226-2353, simonpearce.com.
