

THE ESSENTIALS

KITCHEN OF THE MONTH

The Secret to Layered Lighting

Hint: It's scale! In an open kitchen, pair large pendants (left and bottom) with many minis (right) for a winning combination.

OVER 20 INCHES

Have high ceilings and/or an enormous island? These are for you. Hang pendants 30" apart, and 30" to 36" above the island to keep sight lines clear.

UNDER 10 INCHES

The key to minis are multiples—and not just a few but 7, 9, or even 11. A cluster of several can create the same visual impact as a showstopping chandelier!
